Creating an Application

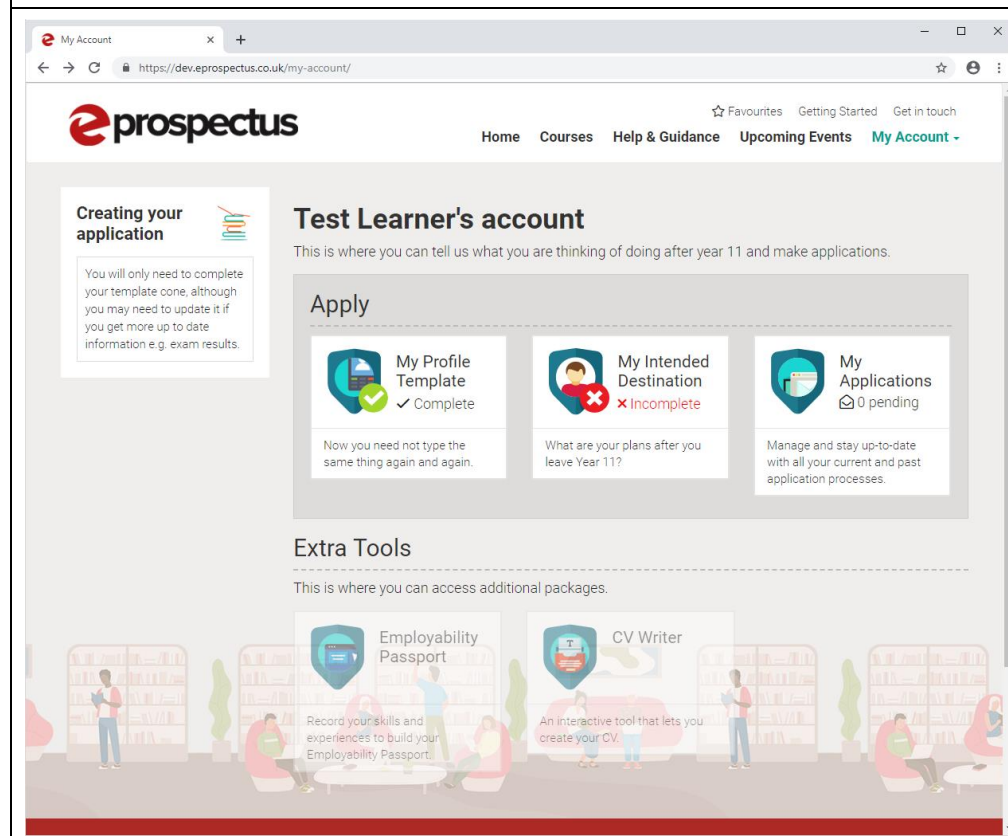

Step by Step instructions for creating an application in the new eProspectus.

Please note the version of your site may be slightly different to what is shown in this document

The screenshot shows the eProspectus login page. At the top, there's a navigation bar with links: Home, Courses, Help & Guidance, Upcoming Events, and Sign In. Below this, the main heading is "Access your account". There are three main sections: "Login" for existing users, "Not registered?" for new users, and "Gateway for Providers" for admin access. The "Login" section has fields for Username and Password, a "Forgot your password?" link, and "Login" and "Cancel" buttons. The "Not registered?" section has a "Register New User" button. The "Gateway for Providers" section has a "Provider Login" button. At the bottom, there's a red banner with an "ASK" section, "Links" (Information and Inspiration, Upcoming Events, Contact Us), and "Other websites" (First Media Solutions, Find us on social media with Facebook, Instagram, and Twitter icons). The footer contains "Terms & Conditions", "Privacy Policy", "Provider Login", and the eProspectus logo with copyright information.

The first step is to log in to your account

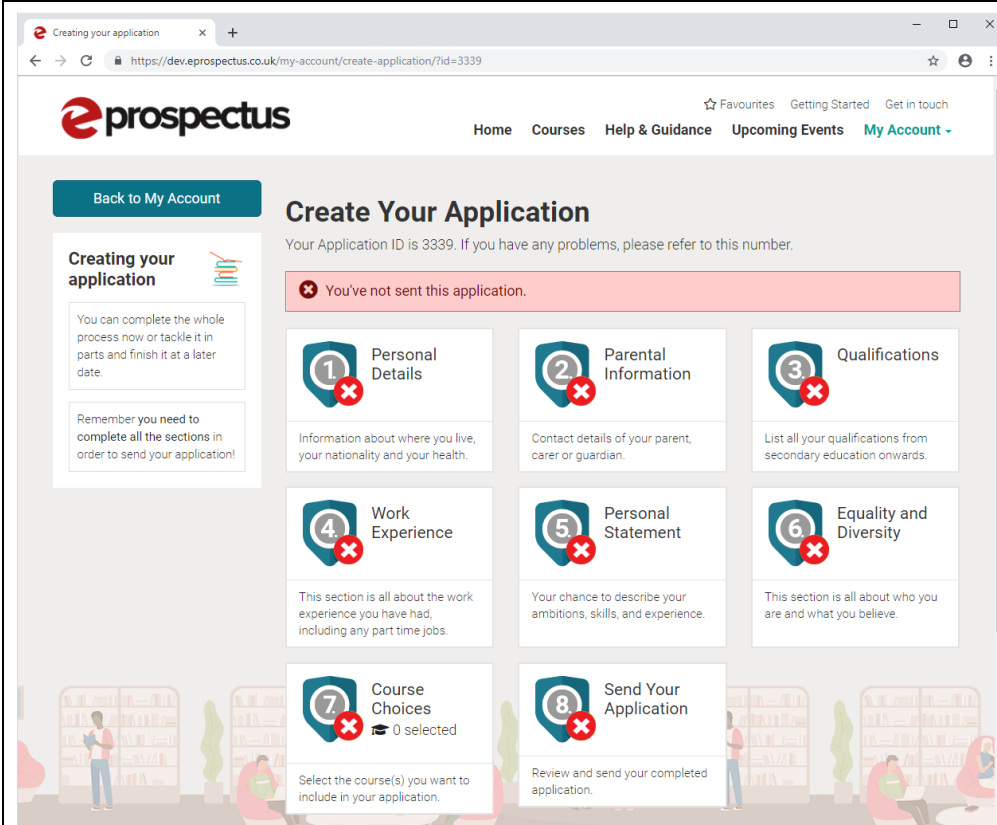

The screenshot shows the eProspectus "My Account" page. The navigation bar includes "My Account" as an active link. The main heading is "Test Learner's account". Below this, there's a section "Creating your application" with a note about template completion. The "Test Learner's account" section explains that users can tell what they're thinking of doing after year 11 and make applications. There are three status boxes: "My Profile Template" (Complete), "My Intended Destination" (Incomplete), and "My Applications" (0 pending). Below these is the "Extra Tools" section, which includes "Employability Passport" and "CV Writer". The "Employability Passport" section says "Record your skills and experiences to build your Employability Passport." and the "CV Writer" section says "An interactive tool that lets you create your CV." The page features a large illustration of students in a library setting.

Next choose **My Applications** from the options.

If you haven't yet started an application click on the **Start a new Application** button, otherwise click on the **Continue** button next to the application you want to work on.

This page allows you to access all the sections of your application and indicates your progress in each section.

If this is your first application and you haven't completed your Profile Template all the sections will need completing, for additional applications your profile details will have been saved and just the Course Choices will need completing.

You can work in any order but we will start with clicking on **Personal Details**.

Your Personal Statement

Include interests and hobbies. You could also talk about your favourite subject and careers aspirations. This should make you sound as good as you can be, so don't put anything negative - but be honest at the same time!

i You can only write a maximum of 4000 characters in this section.

I've got a good attendance record for school and work, also I am reliable and honest. In my spare time I like to spend it at the skate park riding my scooter but when I am not there I like to be with my friends and family. I go to school Monday to Friday and then from school I go straight to work.
