

Year 8 Options Videos

Technology Subjects

- [Business](#)
- [Computer Science](#)
- [Food Preparation and Nutrition](#)
- Design & Technology

Please note that next year's course will be a combination of the current Year 9 Design & Technology and Engineering courses due to large overlap between the two subjects. These videos with you give an idea of the type of work these course will involve: [Design & Technology](#) and [Engineering](#). As students are unable to study both at GCSE this gives you longer to consider which, if either of these, may be the right option for you.

Arts Subjects

- [Art](#)
- [Dance](#)
- [Drama](#)
- [Music](#)
