

## IMPACT OF AI ON FUTURE JOB ROLES

"Success in creating AI would be the biggest event in human history. Unfortunately, it might also be the last, unless we learn how to avoid the risks." -***Stephen Hawking, Theoretical Physicist***

Dear Parents and Carers,

As we enter the last few weeks of the school year, we wish to thank you for the ongoing support for our Future Pathway and Careers Programme . For those who offered work experience opportunities last week to our year 10 students.

We've got a number of upcoming events happening for years 7-10 coming up before the end of the year.

Congratulations to our 11's who have now finished their GCSE's. We wish you all the best for wherever your future pathways will take you. Please note the final 4 pages on what happens next from the colleges post result day.

How do you see AI affecting your sectors job roles and responsibilities? We'd love to hear from you.
