LVC has just completed another successful Enrichment Week, a valued part of the school calendar that develops caring and independent learners. While students in Years 7 and 8 enjoy a range of activities and local trips, Year 10 go on work experience, and Year 9 students have the opportunity to travel further afield on residential. For all students, Enrichment Week is an unforgettable highlight, offering a diverse range of opportunities to broaden horizons and support personal development.

This year students travelled far and wide, from the rugged landscapes of Cornwall to the cultural richness of southern Italy, the dramatic scenery of Iceland and the outdoor adventure of Scotland. Each trip offered a unique blend of learning and challenge beyond the classroom.

In Cornwall, students explored the Eden Project, Tintagel Castle and the Minack Theatre, alongside wildlife encounters and coastal discovery. Meanwhile, those visiting Scotland embraced outward-bound activities including abseiling, bushcraft and water sports, building resilience and teamwork.

The Iceland trip provided a striking contrast, immersing students in geothermal landscapes, waterfalls and glaciers, while deepening their understanding of geography. In Italy, students experienced history and culture first hand, visiting Pompeii, the Amalfi Coast and Naples, alongside a memorable pizza making experience.

Across all destinations, students developed independence, confidence and connections beyond the classroom. For many, the week will have been truly life changing.

The success of Enrichment Week reflects the tremendous planning, organisation and dedication of staff, whose energy ensured safe and enriching experiences for all. Their commitment is greatly appreciated by students and families alike.
